Property Description

Immerse in the seamless blend of modern design and the relaxed atmosphere of Santa Teresa Beach with this inviting, newly-constructed home. It spans 187 sqm of living space on a 444 sqm lot, highlighted by high ceilings and glass doors that promote a luminous and airy environment. The use of local wood adds warmth and a touch of sustainability to its contemporary aesthetic. The house features four master bedrooms, each with a private en-suite, allowing for personal oasis-like spaces within the home. The open-concept layout offers a versatile living and dining area, ready to be tailored to your taste. Privacy is paramount, with the property being walled, complemented by a refreshing private inground pool for leisurely days under the sun. Essential amenities, such as high-speed internet and a reliable AyA water source, are integrated, ensuring comfort and connectivity. Its desirable proximity to the beach means you're just a brief walk from the waves and beach activities, yet you can still find tranquility within your private enclave.
