Property Description

This concrete block and very modern home is located in the Morazan section of Perez Zeledon, just minutes north of downtown San Isidro de El General. The location is super private and the altitude provides for a great year-round cool climate. The home features a master bedroom with en-suite bathroom and two guest bedrooms with a shared bathroom. The kitchen has granite countertops and a breakfast area. There is also a separate dining room. The home features electric on-demand hot water throughout the house, as well as a remote-controlled electric gate. Floors feature porcelain tiles. The property is completely fenced and secured. San Isidro de El General is the second-largest city outside of the GAM of the central valley (the area that includes San Jose, Alajuela, Heredia, and Cartago). Here you can find anything you need, including great public and private medical care and even a mall with cinema!.
