Property Description

This large lot has a premium Pacific Ocean and Caño Island view, with year-round sunsets. The secondary views of the mountains beyond and overlooking the sleepy little jungle village of Ojochal in the valley below, are equally delightful. This location benefits from ocean & mountain breezes throughout the day & evening. The property is well-located, in a residential development, 5 minutes to grocery shopping and restaurants, 10 minutes to the highway, and 15 minutes to local beaches Tortuga and Ventanas. The property is gently sloped and terraced with two building sites. There is plenty of room to easily accommodate a home, guest house and pool with plenty of space remaining for landscaping and parking. Electricity & fiber-optic internet are available at the roadside. Water access can be made available via installation of an artesian well, and possibly in late 2024 via the town water system (ASADA).
