Property Description

Experience modern luxury in the jungle at this brand new home in a gated community in Lagunas. The 2500sqft modern home sits on 1.5 acres, and borders a large rainforest nature reserve made up of thousands of acres. This nature reserve protects the wildlife and offers them a safe place to live freely, however don't be surprised if you have some visitors! Monkeys, sloths, toucans, and small mammals frequent the area. The home is set up to exude privacy. Each suite is accessed from the exterior of the house through a private entrance. All three suites have a full bathroom, storage space, and a whitewater ocean view. The kitchen and living room area are ocean view and open up to a large covered patio. From the covered patio, venture down the slip-free path to the pool entertaining area. The pool is large and there is plenty of deck space. The community is informal, however there are yearly dues to ensure the roads stay easily accessible throughout the entire year.
