Property Description

Escape to your own secluded paradise, just a 6 minute drive from the main Santa Teresa road. This stunning home, built just 1.5 years ago, offers a lush jungle view and resonates with the song of tropical birds. The sleek minimalist exterior belies the open concept upstairs with 3 bedrooms and 2 bathrooms. The property is quiet and secluded, surrounded by huge ancient trees with spiraling vines. In the rainy season, a small river runs directly beneath the house, adding to the ambiance with a glass floor detail within the main living space for an immersive experience. The house is supplied with well water and the front door is reached via a wooden bridge while the house is raised on stilts, creating an exotic and avant-garde design aesthetic. Enjoy the lush green landscape from the back terrace, the perfect place to immerse yourself in nature. Inside, appreciate the well-designed minimalist space, with all the benefits of a high-income rental property or living oasis.
