Property Description

Centrally located in the heart of Manuel Antonio, Villas El Parque is positioned on a hillside with elevated views of the Manuel Antonio beach and the Pacific Ocean. This Condominium Villa is uniquely favored, compared with the other villas, since it is about 800 sq. ft., all on one level. This includes one large dedicated bedroom (with king bed and large closets), and 2 additional independent sleeping areas, each with sofa beds, large TV, and separate air conditioners. The condo can sleep up to 6. This makes it a perfect home or vacation rental for a family or group of friends. A few stairs down from street level gives immediate access to all the best restaurants, shops, grocery stores, banks, spa, and gym. It is a 5-minute drive to Manuel Antonio National Park and the public beach. An exceptional remodeled unit with a modern look with high 10 feet ceilings, and very tastefully furnished and decorated.
