Property Description

¡Que Brava! – Modern Architectural Masterpiece in Costa Rica’s Southern PacificSuspended above the jungle canopy within the premier community of Costa Verde Estates, ¡Que Brava! is a modern architectural jewel on Costa Rica’s southern Pacific coast. Conceived by renowned architect Martin Wells, the residence reflects his signature balance of bold geometry and deep connection to nature. Crafted of steel, concrete, and glass, it commands sweeping views of the Pacific Ocean, Marino Ballena’s Whale Tail, and endless rainforest ridgelines—framed at dusk by year-round sunsets.A dramatic steel pivot door, echoing the custom entry gate, sets the tone upon arrival, revealing the striking simplicity of the main level. Eleven-foot ceilings with floor-to-ceiling sliding glass doors surround an open-plan Dekton-clad kitchen, dining, and living area that extends beyond to the saltwater infinity-edged pool, its seamless Balinese Sukabumi tile encased in lava stone, flowing like sculpture into the horizon.
