Property Description

Your Caribbean Dream — 400m from Cahuita National Park Tucked along the main road in the heart of Costa Rica's wild Caribbean coast, this 1,396 m² property is a rare find — equal parts peaceful retreat and high-potential investment. With direct road frontage just steps from Cahuita National Park, you get the best of both worlds: the rhythm of the jungle, and the visibility that serious opportunity demands. The Home A handcrafted 60 m² wooden home welcomes you with warm finishes and a layout designed for Caribbean living. One bedroom, one bathroom, and an open-concept kitchen and living area flow naturally onto a charming outdoor terrace — the kind of spot where morning coffee becomes a ritual and evenings disappear into the sound of the rainforest. The Land This isn't just a lot — it's a curated landscape. The full 1,396 m² of flat, 100% usable land has been thoughtfully shaped with strategically placed trees and ornamental plants that create genuine privacy without sacrificing openness.
