Property Description

Welcome to Casa Hijau, a modern ocean-view home located in Marbella, Guanacaste—one of Costa Rica's best-kept secrets and a growing destination for surfers and lifestyle buyers. Marbella has built a reputation as one of the country's top surf regions, known for consistent waves, uncrowded beaches, and a more authentic, low-density atmosphere. Positioned within the gated community of Lomas del Sol, this home sits on one of Marbella's highest ridgelines, capturing expansive views of the Pacific Ocean along with steady coastal breezes and year-round sunsets. Originally completed in 2017, the property offers approximately 300m² of construction on a 689m² lot, with 3 bedrooms and 3 full bathrooms. The design of the home is centered around the ocean view. The main living area features an open-concept layout that seamlessly connects the kitchen, dining, and living spaces to the outdoor terrace.
