Property Description

2.75 Acres Property with 3 Bedroom 2 Bathroom Elevated Tropical Wood Home Ocean View Land with a Second Building Site in Playa Tortuga. Set above Playa Tortuga, this 2.75 acres (11,161sqm) property offers a rare combination of existing infrastructure, privacy, and long-term potential. With two distinct building sites, the land allows for immediate use while still holding space for future vision. The first site is already home to a barn-style wooden house, built six years ago. It sits naturally within the landscape, offering a simple and functional base to live in or use while developing the rest of the property. The second building site is clear and ready, positioned to capture expansive 180-degree ocean views. From here, you can see all the way to Caño Island and down toward the Osa Peninsula, with year-round sunsets stretching across the horizon. Direct Owner financing Available.
