📍 Tamarindo, Guanacaste

\$149,500

ID: CR26008212M

- Property Type: Land
- Size: 5327 Square metres

- Status: Available

Property Description

Palo Vista is a gated development, with controlled access, comprised of large parcels ideally located between Huacas and Villareal, within a 15-minute drive to several coastal beach towns including the vibrant Tamarindo. Phase 1 offers a selection of spacious lots, each large enough to accommodate a single-family home along with one or two guest houses. The Palo Vista community has been thoughtfully designed to preserve as much natural beauty as possible. Existing trees have been carefully maintained rather than cleared, creating a peaceful, green environment that supports local wildlife and native vegetation while offering residents a quiet connection to nature. Overlays are approximate.
