Property Description

"Marea Alta Restaurante is a turn-key restaurant for sale in Bahía Drake, Costa Rica, offering the rare opportunity to acquire both a fully operating restaurant and the underlying land. Located on a 603 m² property in the heart of Bahía Drake, this established business combines immediate income with long-term real estate value in one of Costa Rica's most sought-after eco-tourism destinations. Operating successfully for the past 3.5 years under the current owner, the restaurant has built a strong reputation among both local residents and international visitors. The restaurant offers a versatile menu that includes Costa Rican cuisine, international dishes, and fast-food options, making it appealing to a wide and consistent clientele, including families, locals, and tourists throughout the year. Its strategic central location is one of its strongest assets: just 5 minutes walking distance from the beach, and equally close to the local school, supermarkets, hotels, and the clinic.
