Property Description

True to its setting, this property carries a distinct top-of-the-world atmosphere, with uninterrupted 360-degree panoramic views that extend across the surrounding landscape. Each evening, the light shifts gradually as sunsets settle in, bathing the hills and valleys in warm, golden tones and creating a rhythm that defines daily life at this elevation. Located in Chucuyo, the property spans 3 hectares, approximately 30,000 m² or 322,917 ft². The land is thoughtfully developed with five independent homes of varying sizes and layouts, each positioned to preserve privacy while accommodating both couples and families. The spacing between structures allows each residence to feel self-contained, yet connected to the larger setting. A new residence is currently under construction and will introduce five bedrooms, generous common areas, and hot tubs designed to take in the surrounding views.
