Property Description

This offering presents a rare combination of lakefront living, river access and mountain views within a 1.3-hectare property in the growing community of Los Angeles de Rivas. The setting feels private and sheltered, yet it is only a short walk to Finca Brinca and close to many of the region's well-known trailheads. Throughout the property, the landscape opens toward La Amistad International Park, Costa Rica's largest conservation area and a UNESCO World Heritage Site. The main home sits above the lake, positioned to capture broad views of the surrounding peaks. Its design is warm, thoughtfully laid out and welcoming, with three bedrooms and two full bathrooms arranged around a central open living area. The kitchen, dining room and living room create a comfortable shared space, anchored by a fireplace that adds a sense of retreat on cool mountain evenings. This area extends to a generous deck with an outdoor bathtub overlooking the lake and the changing light across the valley.
