- Status: Available

Property Description

Welcome to your private piece of paradise — a 20,000 m² (5-acre) off-grid retreat surrounded by lush nature, mountain views, and a touch of ocean in the distance. The main home is built from a converted container, thoughtfully designed with the structure and foundation to support a future second floor. It currently features 2 bedrooms and an open-concept living area with a wooden deck under roof, where you can relax and enjoy the stunning mountain views and the peaceful atmosphere. This property is completely off-grid, powered by solar panels and a water-powered generator system sourced from the river. It also has battery storage, so there's no need for public electricity — you're fully self-sufficient. In addition to the main house, there are two separate rustic guest cabins, each with its own bedroom and bathroom and breathtaking mountain views. The layout of the property ensures privacy between all living spaces.
