Property Description

Finca Dorada is a 52-hectare property with direct access to a public road on a commercially zoned corridor, offering exceptional development potential. A true haven of peace, ideally located just minutes from all the services and amenities of Huacas and the most sought-after beaches of Guanacaste. This estate presents multiple investment options: • A unique residential community • A luxury agricultural project • Or a mixed-use development with scale The upper elevations of the property reveal breathtaking ocean views, creating a spectacular backdrop for future construction. Bordering a second property of 42 hectares currently listed with Costa Rica Sotheby's International Realty, it is possible to acquire nearly 100 hectares in total – a rare assemblage opportunity in this high-demand coastal region. Prime land of this scale, near the beach and services, is becoming increasingly scarce.
