Property Description

Priced to sell! This ideal 3-bedroom, 2.5-bathroom home provides a true Costa Rica feeling due to the surrounding forest and jungle, fantastic ocean views, abundant wildlife, and indoor / outdoor living spaces. Location: Just 5 minutes up a maintained 4x4 road, you and your guests will enjoy quick access to Uvita town services, beaches, and activities. The front-ridge elevation provides for constant ocean breezes throughout the day and cool mountain breezes at night. Enjoy plenty of privacy with the comforting knowledge that neighbors and successful vacation rental homes are just minutes up the mountain. Land: Three acres of forest and garden are bordered by 2 seasonal creeks – not only providing a wonderful soundscape, but also creating privacy and bringing in wildlife. The home and pool sit on the upper crest of land, allowing the remaining acreage to slope down toward the creeks with a few potential building sites for a caretakers home or rental cabins.
