Property Description

Located within the La Norma residential development in Playa Tamarindo, Lilyum #3 presents a thoughtfully designed 3-bedroom, 2-bathroom home that blends modern architecture with functional indoor-outdoor living. Set on a prepared lot with water availability and building permits already in place, the property is ready for construction. Architectural plans have been completed and can be modified to suit a buyer's preferences, offering flexibility while significantly reducing the timeline to build. The design emphasizes clean lines, open yet defined living spaces, and a strong connection to the outdoors. A private pool anchors the exterior living area, complemented by spaces for dining, relaxing, and entertaining. Interior finishes are envisioned with a modern aesthetic, incorporating quality materials and luxury furnishings to create a comfortable, refined living environment. Positioned just minutes from Tamarindo's beaches, restaurants, and daily conveniences, La Norma offers a more private residential setting while maintaining easy access to the area's amenities.
