Property Description

Welcome to Rio Verde Carbon Community, a beautiful residential and investment community located in Carbon 1, Talamanca, in the heart of Costa Rica's Southern Caribbean. Surrounded by nature and just minutes away from some of the region's most stunning beaches, this community offers an exceptional opportunity to build your dream home or secure a valuable investment. The development features lots of various sizes and locations, with prices ranging from \$12 to \$40 per square meter, allowing buyers to choose the property that best matches their goals and budget. One of the community's most unique features is its natural setting. A river flows through the property, giving several lots the rare advantage of having a natural waterway crossing their land. The community is also home to numerous fruit trees, creating a lush tropical environment rich in beauty and biodiversity. Purchasing early gives you the opportunity to select from the best available lots, including those with abundant fruit trees and premium river access.
