Property Description

Casa Lumina. A Contemporary Three-Story Retreat in the Forests of Santa Ana Santa Ana remains one of the most sought-after areas of the Central Valley, prized for its climate, its proximity to Escazú and Multiplaza, and a balance of residential calm with easy access to everything the city offers. [Property Name] sits on a sloped, tree-covered lot where steel-and-glass architecture and cantilevered balconies seem to reach out into the surrounding canopy a design that works with the natural terrain rather than against it. Upper Level — The Private Wing The primary suite opens onto its own L-shaped balcony, an unusual layout that frames two distinct views of the property. Its en-suite bathroom is complete with a double jacuzzi, separate shower, and private WC. Three additional bedrooms each open onto their own linear balcony and share a second full bathroom, divided for privacy and featuring an individual jacuzzi a layout well suited for families with school-age children or for hosting guests on a regular basis.
