Property Description

Overlooking the emerald fairways and tropical gardens of Guanacaste, Villa Akari is a luminous expression of contemporary design — an interplay of glass, stone, and air conceived to capture the rhythm of light throughout the day. The grand double-height entrance opens to expansive living spaces that blend seamlessly with the outdoors. Framed by panoramic golf views, the living and dining areas extend naturally toward shaded terraces and a resort-style infinity pool surrounded by lush greenery. The home offers four-bedroom suites distributed across both levels, each designed for privacy, natural light, and refined comfort. A flex room on the lower level provides space for a gym and sauna, creative atelier, or additional guest suite. Refined yet relaxed, minimalist yet soulful — Villa Akari embodies harmony, wellness, and quiet luxury.
