Property Description

Discover Casa Amanecer at Homesite A9, Guanavista's first turnkey home opportunity in Ostional. Designed by VADesign Group and built by LHC Construtora, this exclusive land-and-home package combines distinctive architecture, thoughtful construction, and a prime location—providing a streamlined path to owning a completed residence in Guanavista. Set on a spacious 2,153 m² (0.53-acre) parcel, the property offers partial views of Playa Ostional and direct trail access through the community's natural green zones. Its diverse topography creates exciting opportunities for multi-level living, terraced outdoor spaces, and architecture designed to embrace the surrounding landscape. Priced at \$2,800,000, the package includes both the homesite and completed residence. Qualified buyers may also access a 30-year fixed-rate mortgage through SecondStreet, offering an attractive financing option for this one-of-a-kind turnkey opportunity.
