Property Description

Uvita Costa Rica New Home for Sale with Stunning Ocean Views If you like being spoiled by big ocean views, enjoy the epic views from this newly constructed 3 bedroom 3 bath Uvita house for sale that comes with an infinity edge pool. Location is just north of the coastal village of Uvita on Costa Rica's South Pacific Coast, perched on a first ridge always receiving the strong comfortable sea breeze, and an unobstructed view to the pacific. The construction is of high quality finishes, and lots of attention to detail went into this design, and an expert in feng shui played an important role throughout the construction process, with crystals strategically placed, and proper routing of plumbing, are just a few examples. Do not miss out on this opportunity!
