Property Description

The PUERTO CITO BEACHFRONT DEVELOPMENT is located 9 kms south of Dominical in the southern zone area of Costa Rica referred to as the "Ballena Coast". The property consists of three (3) separate parcels of land. Parcels 1 & 2 have all the concessions in place for the development of a hotel property, a tourism related initiative, a commercial enterprise and a private management residence. Parcel 3 is a stunning rain forest tract that can be used for additional green areas. Priced at \$545,000 US, this exceptional beachfront property is a developers dream because it is available for less than \$12.00 m². A quick check into current market values for comparable beach front properties assures the potential investor that this is an incredible deal for a serious and visionary developer. Parcel # 1 - 12,518.70 m² (1.2518 hectares - 3.09 acres) P-384899-97 This 1st parcel is located at the entrance to the Puerto Cito site and has been granted a concession for Tourism related scenarios and allows for up to 20% (2,212).
