Property Description

Located on the Pacific coast in the jungle between Quepos and Manuel Antonio, Villa Kristina is a very well done home reflecting the warmth and friendliness of the European owner. From the master woodwork to manicured landscape you will see the owner has taken great care in building and maintaining this beautiful property. Along a very private road, but right in the middle of Manuel Antonio with access to a very private beach, perfect for an owner manager situation, you are assured this is a great investment. With 3 units' total, you can live in one and rent out the others. With such a great location in the best area of Costa Rica for vacation rentals this is easily rented weekly or long term. Either way Villa Kristina is an excellent source of revenue. You can enjoy relaxing with beautiful and unique flora and fauna, monkeys all around, some species the rarest in the world. Take in the panoramic view of the ocean, the sunset and the jungle with its wildlife.
