Property Description

Villa HighPalms is a 2-storey stand-alone condo-villa located directly above a beautiful one-kilometer long beach in Dominical, Costa Rica, with stunning ocean and white water views. As one of the 35 vacation villas in a secure gated community, Villa HighPalms is the most private due to its position at the end of a closed road on a corner lot by the edge of the rainforest. Sightings of tucans, raccoons, iguanas and monkeys are common. Villa HighPalms offers a totally unobstructed view of the Pacific Ocean, the sandy beach below, a picturesque headland, and a cove that welcomes fishing boats, swimmers and student surfers. The villa is caressed by warm sea breeze throughout the day and cool mountain breeze throughout the night. Furniture on the veranda and lighting in the garden make outdoor dining and entertaining a way of life. This fully furnished 1500-sq.ft. vacation home is surrounded by majestic palm trees, a profusion of tropical fruit trees and flowering plants.
