Property Description

The K-Section is highly popular in the Nosara area. It provides a great sense of privacy while being close to the beach. Due to the great popularity prices are on the rise and this is one of the last properties that can be picked up at a lower entry level. The property is easily accessible and just a short drive from our main road, route 160. It neighbors the infamous Bodhi Tree Yoga Resort and is located on a dead end street. While enjoying more privacy and security on a low traffic street, this property has a good gradient. This lets architects get creative with their designs. An impression of one of the options assketched by one of the local architects is included. This is a perfect property to either get a premium location for a great price or a residential building project. You are happily invited to send any and all questions about this or other properties in the Nosara area over to rich@surfingnosara.
