Property Description

At the end of the lane with only a secluded beach cove beyond, Casa Playa Vista is an incredible, luxury home located in the heart of Manuel Antonio. Its enviable location provides unmatched privacy, exclusivity, vast ocean views and a beach below that awaits exploration. With over 6000 square feet of climate-controlled living space on 3 levels and 5 bedrooms with 4 ½ baths, this is an extremely spacious Estate home. The unique floating bridge entrance leads to the imported Indian columns flanking a grand wooden door. Step into the main floor to find a bright and inviting open concept living/dining area adjacent to an infinity pool and walled in on all sides by floor-to-ceiling sliding glass doors that lead out to an ample wooden deck. The vista from the decks is of the expansive Pacific ocean, of waves crashing on the cliffs in the middle distance, boats drifting past, and of the Cerro Nara mountains beyond.
