Property Description

This 2 bedroom home with dock access is located at the entrance to the village of Sierpe and is right on the water. A dock could be installed very easily. There is also a large covered patio for outdoor living space with excellent views and a very large, functional shop underneath this patio. The house is very open and spacious, as is the kitchen. The kitchen has beautiful hardwood counter tops, a dishwasher and a great view from the kitchen window. Included in the contents of the home are many pieces of artwork, both local and imported. It also includes a large collection of rods, reels and other fishing equipment. There is an opportunity to convert this into an income earning property for fishing enthusiasts.
