Property Description

This immense 3,725 sq. ft. Penthouse is nested in an elegant ocean front development. You get a unique owner's key for elevator which grants you exclusive access to the 8th floor, where you'll find a circular living room located in the middle of the Penthouse with two different balconies and you'll immediately notice the beautiful Pacific ocean views on both of them. This serves as a lobby and at the same time as a buffer zone between the bedrooms and the party area. The bedrooms are all located on one end of the Penthouse, towards the ocean, all of them are spacious and with large windows. The master bedroom has built in wooden closets and a master bathroom with a Jacuzzi and luxury finishes. To the opposite side there's the big open kitchen, fully equipped with granite counter-tops and even there you get ocean view, a guest's bathroom, the main living room perfect for setting up a big screen TV and all of your the entertaining devices.
