Property Description

So you want a home with a killer ocean view... oh yea, you also want to add some rental Units to generate some income or rent the entire property... or you had dreams about your "next-chapter-in-life" of operating an exquisite restaurant overlooking the Pacific's Bug Blue.. Well, this is it! You only need a two wheel drive vehicle to come home here. You enter the property via its electric gated, drive up the perfectly engineered concreted driveway to a large parking area and call this home, of your B&B, or your culinary masterpiece. Welcome! Come inside this 1996 built rustic style home with a roof that will last and last. On the smaller side, this 2 bed, 2 bath home can be easily expanded in the front lawn area for more space and comfort. Nice patio area that leads to a large pool overlooking the ocean. The property has lots of fruit trees strewn about (Mango, Mandarines, Pinapple, Papaya).
