Property Description

This Luxury Estate is an iconic property which combines one of the most private locations in Manuel Antonio with a convenient location close to Marina Pez Vela and all the amenities of the area. The property is one of the most exclusives and successful luxury rental estates in the region and has a unique organic design and construction style which makes the home distinctly “Costa Rican” and tropical in feel and setting. There are stunning ocean views and magical sunsets each night, and the home is just a short hike from one of the areas most secluded beaches at Playa La Macha. The property offers up a total of 6 private suite bedrooms and 6 baths in a fully gated compound, providing both privacy and security for its guests and owners. All of the bedrooms are air conditioned and each is out of site of the other bedrooms making for a dynamic estate where groups can share space in the enormous common areas and terraces, but retain privacy and intimacy in the comfort of their suites.
