Property Description

Villa Grande is a unique rental income property located in a quiet and secluded area of Manuel Antonio. This 4 level home is nestled into a tranquil neighborhood on the south side of Manuel Antonio, providing a serene setting that is just minutes from all the activities, restaurants, and services of the area, but also in a world of its own. The views from every level and area of the home are panoramic and take in the Southern Pacific Coastline down to Dominical, the Naranjo and Savegre Rivers basins, and sweeping views of the majestic Fila Chonta mountain range. The home is ideal for families and groups, with the lower level offering up a total of three bedrooms and three bathrooms. Two of these are HUGE bedrooms, each with multiple beds and the ability for entire family or groups to stay in one room, and the third bedroom is a one-bedroom studio just under the pool area. Up one level is one of the twin master suites located off the pool deck and main road level, a spacious suite with a large ensuite bath complete with a jacuzzi tub.
