Property Description

Nestled in a paradise of tropical gardens, mountains and a rushing river, Cabana Verde is exquisite in detail both inside and out. Located in the Quebradas community, five minutes from San Isidro del General, in the canton of Perez Zeledon, where the climate has been rated one of the best in the world. Quebradas is one of the most popular areas for expats due to its scenic and pristine mountain surroundings, its proximity to the city and to area beaches, and its altitude, which offers a near perfect climate. As the automatic gate opens, revealing Cabana Verde's magnificent grounds with tropical landscape and fauna, you'll immediately feel the uniqueness of this luxury tropical estate. The entire private 1.45 acre estate includes a 6,000 sq. ft. villa, which was originally constructed in 1993, but completely remodeled in 2007. There is also a guest house, with high end appliances and marble counter tops, and a small gym with exercise equipment.
