Property Description

Those who are looking for a place to develop their own living homestead will find several appealing things about this property: The view is open and beautiful across the valley to jungle-covered mountains on the far side. With open farmable land, you will find a variety of mature fruit trees, bamboo, and ample pasture land to have a couple of horses. There is a little 2-story starter home that, while very basic, offers a place to stay while you are building your own design. The bedroom is kind of like a loft and the first floor has a basic kitchen setup. There is a carport already in place for one car and the start of two rooms and an adobe fireplace. Water flows in abundance year-round from two springs on the land, joining streams that also flow across it. The property has a concession on one of the springs which give you clean drinking water. The river below is amazing with smooth rock and is a perfect place to take a dip in the shade of the canopy above.
