Property Description

Casa Pura Vista is a one of a kind, three story luxury home. It has 4 bedrooms and 5 bathrooms designed by the famous Architect, Andres Morales. This masterpiece sits perched on one of the highest points in Manuel Antonio, with off the charts panoramic views. There are lush green valleys below and an expansive view of the Pacific Ocean with year round spectacular sunsets. On the back side of Casa Pura Vista there are views of the coastal plains and the Talamanca Mountain range, offering beautiful sunrises. The moon risings are also a daily treat. Approaching the home you are immediately impressed by the open tropical indoor/outdoor living spaces, making this one of the most sought after residences in Manuel Antonio. As you enter the home on the ground floor, you have ample covered secure parking and a dancing water fountain that greets you. There you can choose to take the elevator or the glass stairway up to the main living area.
