Property Description

Amazing multilevel luxury 3 bedroom 2.5 bath home that sits on just under 2 acres of land surrounded by jungle reserve is now being offered for sale. You reach the covered carport and garage area, where you park the car, and take a walkway that passes through meticulously maintained green zone leading to the entry door of the main home. Upon entering the home, you are directly in front of patio doors leading to the pool deck and the amazing view. Close encounter with monkeys and toucans and other wild creatures is a common daily event. Two bedrooms are at ground level and have shared bathroom. Master bedroom is located on second level and has a nice outside deck sitting area to enjoy the views overlooking the canopy and north to Manuel Antonio. One of the key features of this home is the close encounter with the jungle, the privacy and the proximity and location to the beach and main highway for ease of access!
