Property Description

This 3 bedroom and 2 bathroom home is conveniently located in Uvita within walking distance to EVERYTHING!! Short few minute walk to supermarket, shops, restaurants, bank, pharmacy, doctor and more. About a 15-20 minute walk to the beach and Marino Ballena National Park or a short bike ride away. The home is well-built concrete block construction with nice finishes and being offered furnished turn-key ready to move in or rent out. This is a high-quality home built to last as a primary residence and not a spec home built to sell. Tremendous value for the type of construction and level of finishes compared to other homes in the price range (and even above). Walk in to the open concept living room, dining and kitchen area with an office space on one corner. The kitchen has high-end GE stainless steel appliances with 5 burner stove and large refrigerator and freezer unit. Lots of upper and lower cabinets plus pantry for plenty of storage.
